
After-sales service for 60kW folding container

What is a folding container house?

The folding container house is a portable modular house that adopts a prefabricated design for easy transportation and quick installation. Sometimes called foldable or expandable container houses, these feature a steel frame with collapsible sides that can be folded during transportation and unfolded on site.

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?

What are the different types of prefab container houses?

We offer all kinds of prefab houses, such as expandable container houses, foldable container houses, detachable container houses, and other kinds of prefab container houses. They can meet the needs of home, catering, office, hotel, hospital, etc. Our container house assembly is quick and easy, and it can handle a range of climates.

Why did dxh container offer a foldable flat-pack office?

Concerned about delays associated with traditional construction methods, such as those caused by weather, DXH Container's foldable flat-pack offices provided a solution.
