
China distribution switchgear in Belgium

Where are switchgears made?

Each and every switchgear is built in this single factory in Belgium and our engineers are literally just one foot away from the production floor. Supervisors and managers are out on the floor. When a change needs to happen, they can be on the assembly line instantly implementing those changes.

What should you consider when exploring the switchgear industry in Belgium?

When exploring the Switchgear industry in Belgium, several key considerations should be kept in mind. The sector is highly regulated, with compliance to European Union standards and national regulations being paramount.
